In 2018, although the import data has not yet come out in December, the total amount of manganese ore imports in China has far exceeded that of last year. Except for the year-on-year decline in the number of imports in March, the rest of the month has increased compared with the same period of last year, and the increase rate is almost the same as that of the same period last year. Doubled. In November, the total quantity of manganese ore imported from China was 2,979,258 tons, an increase of 38.28% over the same period of last year. South Africa is undoubtedly one of the main sources of manganese ore imports in China. In November, China imported 891,524 tons of South African manganese ore, 593,588 tons of Australia, 507,309 tons of .Ghana, 357,923 tons of Gabon, 283,489 tons of Brazil, 128,176 tons of Malaysia and 95,913 tons of Côte d'Ivoire

Suggestions

.Steel granules was a new product hence the introduction

.Want Neha to give reports from that side of the business

Why the shipments from india are always late

.everybody is unhappy.. They hope India has to go first

.The China office is very interested in hearing from India and Egypt

.It's pure iron scrap, no slag

Used in iron foundry or steel wire , used in intermediary frequency furnaces , especially 1-10mt intermediary frequency

furnaces

Fe 90% min size 2-20mm

Fe content can more than 95%, and size maybe 5-40mm

He said ferrous can be 97% min, but 95% is safer

.container for trial order, and only Fe content, I think no need third inspection 1-2

Skills in LinkedIn

https://youtu.be/AKS5RJQ_Zcw

Creating an effective LinkedIn Profile

?Why

- Maximize your credibility •
- More professional you look, the better your clients will be o
- Be able to portray a brand that reflects how you want to be perceived
 - Research tool •
 - Acquire more contacts and leads o
- found out that we will not do business with somebody today using linkedin $\,\circ\,$
 - Strong use in Western Business •
 - Provide a professional image of this company
 - Photos Photos Photos •
 - ... Use a great photo o
 - Use your Million Link Profile Photo
 - Business Attire recommended •
 - (Smiling Face (not a passport photo ■
- Want to look : Dependable, Trustworthy, Friendly, Competent, Professional
 - times more likely to have your profile viewed with a good photo 11
- DO NOT : pet photos, stylized photos, photos of how you wish you looked, photos from 10 years ago, complex background

Use a great background photo o

- Have something to do with Million Link & your profession ■
- Will create a series of Million Link themed header photos

Filling in your Experience •

- ,Bullshit words : professional, experienced, strategic, synergy o
 - Useful terms o
 - ?What were your responsibilities •
 - ?What were your achievements •
 - ?How many staff did you manage
 - ?What were your sales
 - Always write factual and true information o
 - *Get your spelling and grammar correct *IMPORTANT o
 - .I am happy to help anybody with this
 - Extra Information •
 - Headline o
 - Make it jump out ■
 - Make a value proposition •
- I trade in FerroSilicon between China and India •
- Summary o
- ...Add in as many facts as possible
 - Years of Experience
 - List your skills •
- Share your vision for your role in your copmany
 - Contact Information o
 - Add the company URL http://www.millionlink.com
 - Personal URL ie facebook
 - Wechat ■

- (Email address (example@millionlink.com
 - Any Qualifications or Achievments o
 - Add videos & presentations o
 - .Like LinkedIn Videos
 - Update your Public Profile
 - LinkedIn URL o
- Shorten your URL makes it look like you know how to use LinkedIn
 - www.linkedin.com/in/konrad-steinmuller
 - VS •
 - www.linkedin.com/in/roy-su-80340539
 - (Make your photo available to Everybody (Public o
 - Delete/deactivate unused or extra LinkedIn accounts
 - Do a search on your own name to find multiple copies o
 - Languages •
 - English o
 - Chinese o
 - Hindi o
 - Arabic o
 - Update Regularly •
 - If you do research on a product, post it to LinkedIn
 - Joining Groups •
 - .Pick groups that your customers are in o
 - If you can contribute to a group discussion o
 - ask relevant questions of members on the current topic
 - provide advice or help •
 - Do not Spam the group with promotions or ads o
 - Listen before start commenting, comment before start posting o
 - ?Make a Million Link Group o
 - Attempt to get at least 500 connections
 - DO NOT .
 - Have duplicate accounts o
- merge all your accounts together using the Account Management tool
 - Spelling Mistakes / Grammar errors o
 - No Spamming this is a case of give and take $\,\circ\,$
 - Irrelevant information o
 - No pictures of your children
 - No pictures of your pets •
 - Refrain from pictures of your hobbies o
 - Personal judgement to be used •
- Hobbies that reflect well on your Intellect / Trustworthiness / Ability are good
 - Nothing unprofessional... this is your professional work image o
 - Recommend or Endorse anybody who you do not truly believe in o

I will help you develop your LinkedIn Profile

- get mutual endorsements •
- get the profile photos correct
 - correct the English •

.Anybody who has already had their photo taken, arrange a time to come to my office to have your LinkedIn page updated
.Updating your Social Media (LinkedIn Profile) is something that should be worked on a little bit every week

4pm 2018-12-12

.How we can use Webinar<mark>s to communica</mark>te <mark>with ea</mark>ch othe<mark>r</mark>

Using: https://www.gotomeeting.com

.creates better communication and understanding between Chief Traders, Agents, Clients

.Knowledge is the key for efficient marketing

Communicate new business information

To learn new skills

Learn from Suppliers

.Allow our staff to gain skills in presenting

?Frequency of these webinars

I will help you prepare for webinars : Darlina

Communication with customers, suppliers,
Important to communicate internationally
Even if we are side by side, we still have problems communicating
Build up this internet conference, not just for communicating with customers, but with colleagues. China india Egypt, agents

,Invite suppliers to talk about their product, their market

Talk about Coking coal – Jurgen
Talk about his resources in Russia, South Africa, and other sources.

He has a lot of experience.

Give us some ideas about how to market this product

Page 8

Will invite customers to the meeting Let us know what the customers are interested in purchasing. Some steel plants are eager to introduce purchase opportunities (Some products are very difficult to get (ie feVanadium

Ask everybody in the market to help them out.

Final users into the meeting

Chief traders to talk to our people.

Today we have conferences with out peopel

Neha - Manish Sada to talk

Overview of new products for sales people to sell	Subject

Old Products

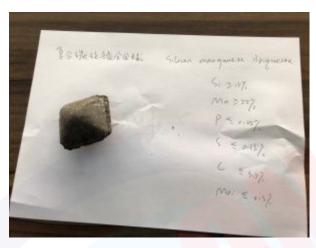

- FeSi 70% Briquette •
- Has a tariff due to its raw material $\,\circ\,$
 - USD\$900 950 per ton ∘
- Posco uses this a lot, in general the preferred ingredient for steel manufacturers $\,\circ\,$
 - Do not attempt to promote this product o

Page 9

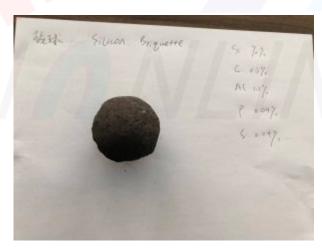

- Customer in Egypt o
- (ton trial order (to keep risks low for this customer 600
 - customer wanted 2000 tons
 - customer making 1 MT /yr

- SiMn Briquette •
- Has an export tariff o
- too expensive to use o
 - 6900rmb /ton o
- Do not attempt to promote this product o

New Products

- Si 70% briquette •
- Much cheaper than FeSi ∘
 - Price around USD\$700
 - Non-Ferrous o
 - No Export Tariffs o
- try to promote this product over the FeSi o

- Much lighter than FeSi o
- Contact customers, attempt to switch the Si Briquette product for FeSi $\,\circ\,$
 - 40ft container 34 bags, each bag 800kg ○
- Slightly more expensive to ship than FeSi due to its less dense nature
 - Composition o
 - Silicon 70%
 - C 0.3%
 - Al 1.5% ■
 - P 0.04%
 - S 0.04%

HC Silicon •

- Also called "Energy Silicon" due the carbon content o
 - Silicon Carbide o
- Silicon carbide, dissolved in a basic oxygen furnace used for making steel, acts as a fuel. The additional energy of liberated allows the furnace to process more scrap with the same charge of hot metal. It can also be used to raise tap temperatures and adjust the carbon and silicon content. Silicon carbide is cheaper than a combination of ferrosilicon and carbon, produces cleaner steel and lower emissions due to low levels of trace elements, has a low gas content, and does not lower the temperature of steel
 - Composition o
 - Si 65% min •
 - Al 1.5% max
 - C 18% min ■
 - Ca 1.5% max •
 - S 0.08% max •
 - P 0.06% amx •
 - Size: 10 50mm 90% min
